DOCTORS FIND  
REMEDY FOR  
COLDS AND FLU

Caltech, the New Nauseless Calomel Tablets, Cut Short Colds and May Prevent Flu By Keeping Liver Active.

Physicians have learned from experience, during the epidemic of influenza, that one of the most important factors in the prevention of flu and pneumonia is to keep the liver active so that the digestive organs may be in perfect working order and the system thereby enabled to throw off colds, check sore throats and other serious complications. For this purpose they have found that the new, nausealess Calomel tablets, which are now on the market, are far more effective than the old style Calomel, which was formerly the universal favorite, as Calomel does not weaken the patient, nor interfere with the appetite and digestion.

At the first sign of a cold or sore throat, doctors recommend Calomel tablets at bed time with a swallow of water—that's all. No salt, no nausea, no unpleasant interference with your diet, pleasure or work. Next morning you wake up feeling fine, your liver is active, and your appetite is keen for a good breakfast.

For your protection Calomel tablets are sold only in original sealed packages, thirty tablets in each. All Calomel tablets are recommended and guaranteed Calomel. Your money back if you are not delighted with them—Adv.

They're hard-shelled cusses, and they're seasoned, and nervy, and battle fit. Shoulder to shoulder, and hand to hand. They're first at sea and first at land. DRIVER CRASHES  
INTO MOTOR COP

7 o'clock Saturday evening, when an automobile going about 40 miles an hour overtook me. A motorcycle officer was ahead of the traffic about a block away. I saw that if the automobile did not slow down or change its course it would run into the motorcycle.

The officer found a pint bottle half full of whisky in the car the soldier was driving, he said. The automobile, according to the officer, was from the Fort Bliss Auto stand with service car license No. 12 on it.

Overman was run down without knowing what had hit him. He has been a member on the police force here for two months and had been assigned to motorcycle duty only the day previous to his injury. He is married and has two children.

DRIVER CRASHES  
INTO MOTOR COP

E. P. Overman, police motorcycle officer, is in Hotel Dies, with his right shoulder and right hip broken and a dangerous wound in his abdomen, as a result of being run down by an automobile as he was riding on Montana street Saturday night. E. P. Rogers, ordinance department, Fort Bliss, is held at the city jail without bond, pending the outcome of Overman's injuries. The man is held under a charge of driving a car while intoxicated and reckless driving, but should Overman die a charge of murder probably will be placed against him, police say.

In case of his recovery, officers state, Rogers will still face a charge of assault on a motorcycle.

**Hurled 100 Feet.** According to police report, Overman was riding in the 100 block on Montana street, when the car came upon him from behind. The motorcycle and rider were hurled a distance of approximately 100 feet. One of the handlebars of the motorcycle was driven into the officer's body and it was at first thought that the wound would prove fatal. Attendants at the hospital say, however, that Overman will recover.

J. P. Chatain, a deputy constable, was following the racing automobile and arrested Rogers after the collision. Rogers was riding when arrested and knocked down two bystanders who were deputized to hold him while Chatain telephoned the police. Motorcycle patrolman Hiley answered the call and with Chatain took Rogers to police headquarters without incident.

**Gave Deputy Chase.** Previous to the collision, officers declare, the soldier had given the deputy constable a chase. They declare he swung from one side of the road to the other at a high rate of speed and that he struck a car owned by P. W. Seward during his wild ride. The crowd which quickly gathered after the accident almost became unruly, according to deputy constable J. P. Chatain, who arrested Rogers. The soldier, according to the officer, turned before he was arrested and in the crowd, and the crowd, which had seen the accident and heard his oath almost forced the officer to turn his prisoner over.

"I told the crowd," said deputy constable Chatain, "that I was an officer and would protect my prisoner. I threatened to draw my gun and use it, if necessary." Chatain said: "I was driving on Montana street in line of duty, about

## These Are El Paso Cases

Magoffin Avenue	East Missouri Street	Wyoming Street.
Chas. Wilson, retired ranchman, 1212 Magoffin avenue, says: "Many years ago I began to suffer from pains in my back and kidneys. During a change in the weather or if I took cold the pains would be most acute and if I kept over during the night I would feel sharp twinges. Often when I lay down, I couldn't turn over. I was confined to my bed for two or three days or a week at a time and finally got an attack that kept me in bed for twenty-one days. I changed to read in our local papers endorsements for Doan's Kidney Pills given by people whom I knew, and I started their use. Doan's gave me prompt and excellent relief."	Mrs. T. E. Armstrong, 700 E. Missouri St., says: "I keep Doan's Kidney Pills in the house and I wouldn't be without them. Some time ago my kidneys became disordered, due to the drinking water. My back gave me considerable trouble, there being a dull aching across my loins. The use of Doan's Kidney Pills entirely removed the complaint and I haven't been bothered since. I have recommended Doan's to several of my friends and they have all been helped by them." (Statement given June 15, 1915.)	C. F. Morrison, 1027 Wyoming street, says: "Doan's Kidney Pills have been a family remedy in our home for years and have always proven beneficial. My work requires me to bend over a whole lot and sometimes the pains which I get in my back, make it hard for me to straighten up. Often I get nervous and irritable and the action of my kidneys becomes too frequent, especially at night, causing me to get up. Mornings I would have a tired, languid feeling. I always used Doan's Kidney Pills for such ailments and was sure to get good results. Doan's are a fine kidney remedy."
East Boulevard	Alamogordo Street	
Mrs. F. A. Rehrl, 1045 E. Boulevard, says: "For a number of years I have used Doan's Kidney Pills and have always found them satisfactory. I occasionally get a pain through the small of my back and when I feel this trouble, Doan's never fail to give me relief. Others of my family have also taken Doan's with excellent results."	Mrs. J. H. Malaby, 3418 Alamogordo St., says: "I had a fall and injured my back and kidneys. I suffered frequent attacks of lame back and often when I retired at night I was restless, because of the numbness of my limbs. After taking a few boxes of Doan's Kidney Pills, which I got at the Star Drug Co., I was rid of all the trouble. I always recommend Doan's whenever an opportunity presents itself." Mrs. Malaby gave the above statement May 25, 1917, and on April 2, 1918, she added: "I still think highly of Doan's Kidney Pills and every word I said recommending them is the truth."	

NO package of Doan's Kidney Pills is genuine unless it bears the maple-leaf trademark and the signature—"Jas. Doan."
